FOR IMMEDIATE RELEASE

Merrick Awarded New Contracts

Aurora, CO – September 9, 2011 – Merrick has been awarded several new contracts including:

[Merrick National Security Facilities](#) group was awarded a five-year indefinite delivery/indefinite quantity (IDIQ) contract with Kirtland Air Force Base, New Mexico, for architecture and engineering services. In addition the firm will also be designing a company operations facility and hangar at Fort Bragg, North Carolina, the US Air Force Academy, and the US Corps of Engineers Mobile District.

[Merrick Energy](#) has conducted a study to evaluate the design of a bioprocessing facility in Malaysia for a Texas-based bio developer. In addition, Merrick continues on several projects at the CHS Laurel refinery and the refinery has recently engaged The Merrick Consultancy to assist with a strategic planning initiative.

[Merrick Life Sciences](#) has been awarded a five-year, architecture/engineering indefinite delivery-indefinite quantity contract by the US Department of Agriculture, Animal and Plant Health Inspection Service (APHIS) to provide laboratory design, programming, feasibility studies, design of new facilities, design of renovations, and commissioning services for projects located throughout the US.

[Merrick & Company](#) is a \$125 million engineering, architecture, design-build, surveying, and geospatial solutions firm, serving domestic and international clients in the energy, national security, life sciences, and sustainable infrastructure markets. The firm is committed to sustainable design and construction practices through its 55+ LEED-accredited professionals and is continually expanding its in-house resources to serve tomorrow's needs. The employee-owned company maintains 10 offices in the U.S. as well as offices in Canada and Mexico.
