## FOR IMMEDIATE RELEASE

### Merrick & Company Awarded New Contracts

Aurora, Colorado –Sept. 28, 2009 – [Merrick & Company](#) has been awarded several new contracts. [Merrick's Life Sciences Group](#) was awarded a major indefinite delivery/indefinite quantity (IDIQ) contract with the European District Corps of Engineers to provide commissioning services for missile defense facilities in eastern Europe. Dobbins Air Force Base, Georgia, awarded [Merrick's Civil Engineering Solutions Group](#) a drainage engineering task for airfield drainage repairs and Robins Air Force Base, Georgia, renewed Merrick's IDIQ for its [Merrick's Military & Government Facilities Group](#) for a third year. The firm also received additional civil engineering work from Rampart Range Metropolitan District.

Instituto Geográfico Agustín Codazzi, Bogota, Colombia, recently purchased existing LiDAR data, owned by [Merrick's GeoSpatial Solutions](#), for the City of Bogota. This project will include delivering the laser data along with Merrick's proprietary software, MARS<sup>®</sup>, and training. Aurora Colorado Water has contracted with Merrick to provide bathymetric surveys for the Aurora and Spinney Mountain Reservoirs. The surveys will be used to update the capacity tables managed by the agency.

Merrick is an \$85 million engineering, architecture, design-build, surveying, and geospatial solutions firm serving domestic and international clients in the government, energy, life sciences, infrastructure, nuclear, and geospatial/mapping markets has been awarded several new contracts. Merrick's work is concentrated in highly technical fields including projects in renewable energy, nuclear, government facilities, research laboratories, water resources, public works, infrastructure, and high precision mapping. The firm maintains an active Corporate Social Responsibility program serving the environmental, social, and economic aspects of the projects they're involved in and the communities they serve. Merrick is committed to sustainable design and construction practices through its 50+ LEED-accredited professionals and is continually expanding its in-house resources to serve tomorrow's needs. Headquartered in Aurora, Colorado, the employee-owned company maintains seven offices in the U.S. as well as offices in Canada and Mexico. More information about Merrick & Company is located at the [Merrick & Company Newsroom](#).
