FOR IMMEDIATE RELEASE

Osborne Joins Merrick & Company

Albuquerque, NM - August 18, 2009 – [Merrick & Company](#), a company specializing in engineering, architecture, design-build, surveying, and geospatial solutions, is pleased to announce the addition of Consuela Osborne to the Albuquerque office. Osborne’s responsibilities as a licensed architect will be to assist in managing projects, specification writing, project construction document generation, proposal generation and supporting overall architectural department issues.

Prior to joining Merrick, Osborne, through her own architectural firm, participated in projects such as University of New Mexico Art Galleries renovation, the Apache Elementary School addition, Ft. Stanton Historic renovation, and Tingley Coliseum Renovations. Osborne brings over 10 years of architectural experience to Merrick, and prior to owning her own firm, she worked for Greer-Stafford in Albuquerque, New Mexico as a staff architect.

Osborne is a registered architect with the States of New Mexico, Arizona, and Maryland. She holds a National Council of Architecture Registration Board (NCARB) Certification. She obtained her Masters of Architecture from the University of Pennsylvania and her Bachelor of Architecture from the University of Wisconsin-Milwaukee. She is also a member of the American Institute of Architects, Albuquerque, New Mexico Chapter.

Merrick & Company, an \$85 million firm, serves domestic and international clients in the government, energy, life sciences, infrastructure, and mapping markets.

More information about Merrick & Company is located at the [Merrick & Company Newsroom](#).
