**FOR IMMEDIATE RELEASE**

## Tinsley Joins Merrick & Company's Energy Group

Aurora, CO – Aug. 19, 2010 - Jim Tinsley, PE, has joined Merrick & Company's energy group ([Merrick Energy Group](#)) as a senior project manager. In this role, he will serve as the practice leader for specific energy related projects. With the addition of Tinsley, Merrick will expand its expertise in the delivery of surveying, geospatial, engineering, and project management services for natural gas, CO<sub>2</sub>, crude oil, and refined products pipelines and terminals.

Tinsley has spent the past 20 years with ConocoPhillips where he served as division manager and was responsible for engineering, construction, and operations management of pipeline and terminal assets in the central U.S. He holds a B.S. in civil engineering from Colorado State University.

Merrick & Company, a \$100 million engineering, architecture, design-build, surveying, and geospatial solutions firm, serves domestic and international clients in the energy, security, infrastructure, and life sciences markets. With a focus on renewable energy, oil and gas, and utilities, the firm's most recent work includes portions of the Milliken and Prairie Waters pipelines. Headquartered in Aurora, Colorado, the employee-owned company maintains eight offices in the U.S. as well as offices in Canada and Mexico.

More information about Merrick & Company is located at the [Merrick & Company Newsroom](#).
